## Ani dominates at the 2025 Frontenac, Lennox & Addington Science Fair

**\*Best Of Fair - Bronze**

**\*Human Health Science - Gold**

**\*University of Ottawa Entrance  
Scholarship - Most Deserving Senior  
Project**

**\*Royal Military College of Canada -  
Department of Military Psychology  
Leadership Award - Best Psychology  
Research Project**

### *Congratulations Ani!*

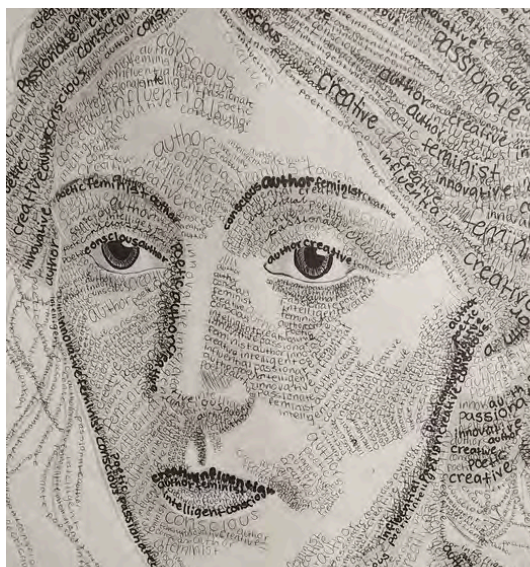

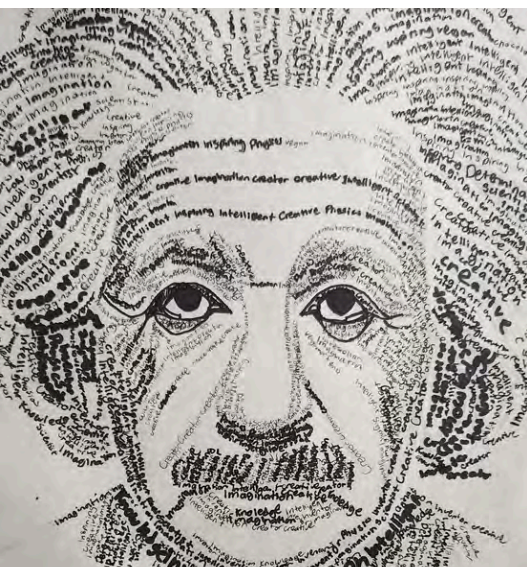

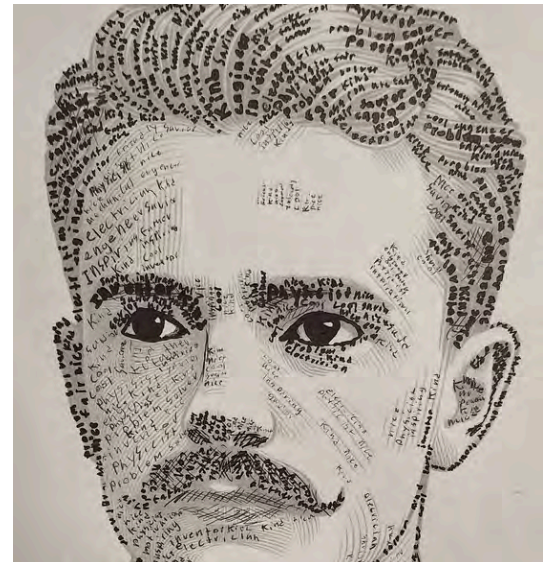

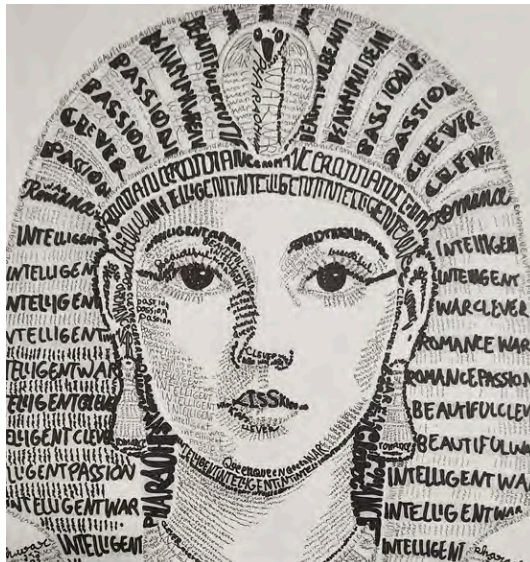

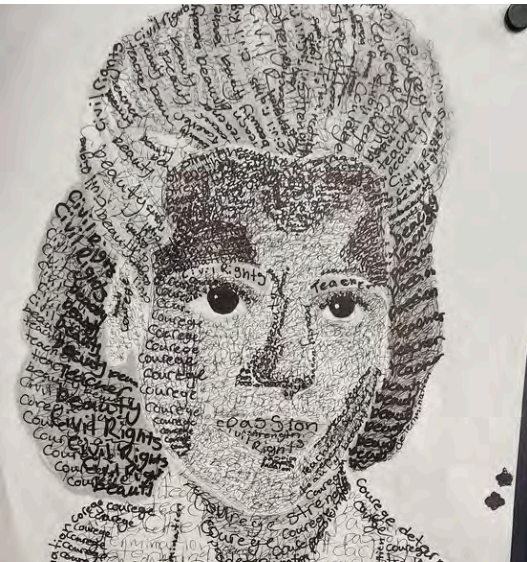

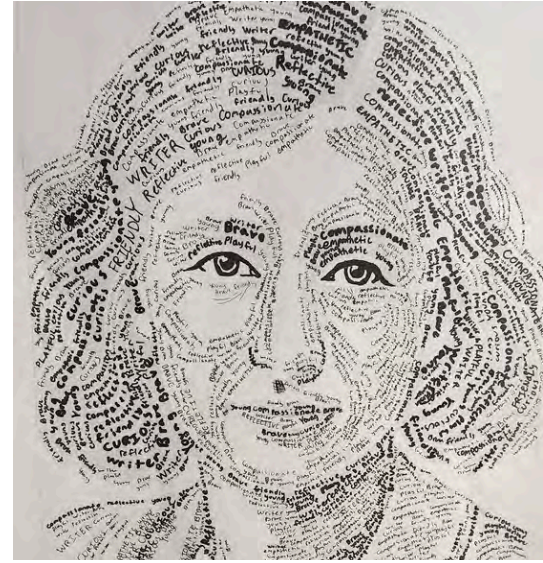

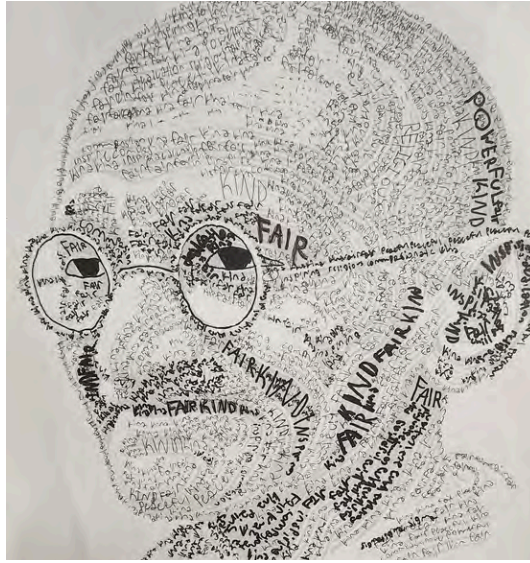

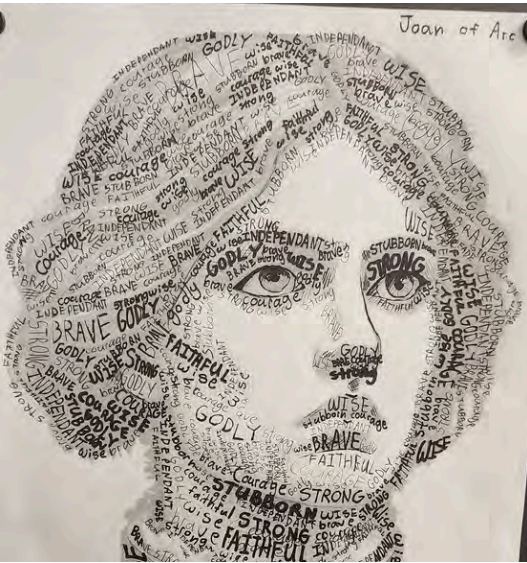

Science Fair Project: Approximately 42% of Gen Z has been diagnosed with a mental illness. Many are scared to share their struggles because they fear rejection (stigma). Ani tested how disclosure from both first and third parties would impact the associated stigma. Over 470 participants read a story describing someone's behavior. The story would either end, have the person shared their diagnosis, or have another person do so. Participants then would answer a series of questions measuring accountability and interest. She found that the individual disclosing their diagnosis significantly reduced the stigma (judgement, prejudice, rejection, etc.) felt towards those with a mental illness compared to when the diagnosis was shared by a third party or not at all. These results could lead to people being more willing to get the support they need and bring people closer together. It could also lead to less fear and less self hatred due to their condition.

## Hand Written Typography Art | Grade 7 Art

In Ms. Brown's Art Class, students created unique typography portraits of historical or modern-day inspirational figures. Using only descriptive words in their own handwriting, they formed images of their chosen figure's face, making the likeness visible through words that capture the individual's character, accomplishments, and values.

# SCIENCE FAIR

## Grade 7 Science Fair at Leahurst - Mr. Streights' Class

So many amazing science fair projects! Our Grade 7 science fair was a remarkable showcase of creativity and scientific inquiry. Students presented a diverse array of projects, reflecting their curiosity and understanding of various scientific principles.

# SHOWCASE

## IMPORTANT

This year, Showcase will be combined with our annual fundraiser, with 100% of the proceeds supporting the Leahurst Bursary Program. Our silent auction features incredible items—you won't want to miss it!

We are still looking for silent auction items. We would be incredibly grateful if you could donate your time and expertise as a silent auction item! For example, if you're a lawyer, you might offer a consultation or a will-drafting session. If you're a dentist, perhaps a professional cleaning. Whatever your specialty, whether in health, finance, coaching, or the arts - your contribution would make a meaningful impact while '*showcasing*' your skills to our community.

Showcase is a free event, but if you'd like to support the cause early, we're offering prime Showcase seats for just \$10 each.

Secure yours today!

To donate your time/expertise/offering, or to purchase tickets or to reserve your FREE ticket, please email [office@leahurstcollege.ca](mailto:office@leahurstcollege.ca) or phone us at 613 767 9201. Our fundraising team will be in contact with you. We will be accepting cash, cheques, credit cards and debit.

**Learn more & apply to host at [whyihost.ca](https://whyihost.ca)**

Hosting an international student through the Canada Homestay Network (CHN) is a rewarding experience that fosters cultural exchange and personal growth. By welcoming a student into your home, you not only provide them with a supportive environment to learn about Canadian culture, but you also gain insights into their unique background and traditions. This mutual exchange enriches both the host family and the student, leading to lifelong friendships and a broader worldview. Canada Homestay Network ensures that all host families are carefully selected and screened to provide a safe and welcoming environment for students. Hosts receive a generous allowance to offset expenses and have access to CHN support 24/7, ensuring a positive experience for everyone involved.

Tennis isn't just for kids—it's a sport for all ages, offering both physical exercise and social engagement. If you've ever considered picking up a racquet or returning to the game, the Kingston Tennis Club provides a welcoming environment to do so. Located at 45 Napier Street, KTC offers a variety of adult programs suitable for beginners and seasoned players alike.

These include group lessons, private lessons, singles and doubles ladders, and drop-in doubles sessions. Additionally, members enjoy access to a ball machine for solo practice. With low membership fees and no court fees, KTC ensures that tennis is accessible to everyone. Whether you're starting fresh or aiming to get back into the swing of things, KTC has something to offer.
